

The Constitution of the Energy Club

Ratified: October 3, 2010

Current as of: September 27, 2011

Preamble:

During the first half of this year, we will be planning and researching to reduce energy use at school, at student's homes, and to implement a renewable energy source at school. The second half of the year we will be taking action in trying to implement the plans. We may pursue grants and government support for our efforts.

Article 1

Section 1.1. Name

Energy Club

Section 1.2. Mission

The goal of this club is to help our school reduce its carbon footprint by using less energy and trying to use renewable energy as much as possible. We will also try to get the students of our school to do the same in their homes.

Article 2

Section 2.1. Membership

No special skills are required and so this is open to all.
